## Read the following, then answer the questions:

My name is Haytham and this is my house. My house is quite big. It has got two floors - a ground floor and a first floor. It has also got an attic and a basement. بدر On the ground floor there is a hall, a kitchen, a living room, a big dining room and a toilet. On the first floor there are three bedrooms, one bathroom and a big corridor. My bedroom is between my parents' bedroom and the bathroom. My sister's bedroom is in front of mine. I love my bedroom, but I also like the attic. In the attic, I keep some of my books and my old toys. I like to spend my time there because it is large and there is a big sofa there where I sometimes take a nap. In the basement, we keep the

washing machine, the drying machine and old things. At the back of the house, there is also the garage, where my parents park the family car, and a lovely garden, with many green spaces, flowers, two swings and a swimming pool. I love my house so much! It's very comfortable.

Dear Ayman,  
I'd like to tell you about my new preparatory school. It's near my house, so I walk to get there. The school teachers are very kind and they help me a lot. I was not good at maths last year. But Mr Ramzy helped me to do better. This subject is very important for our daily life. Our school library is full of interesting books. I go there once a week to borrow one. After reading, I make the most important notes to help me know a lot about the world and our life. Please, write back to tell me about the time we'll meet.

Yours,

Ashraf

Objects from the past can help us to understand what life was like many years ago. They can also show us that we use many of the same objects today!

In Ancient Egypt, many people used mirrors to help them paint around their eyes. This was not just to make them look good: the paint helped to protect their eyes from the sun and kept away insects. The mirrors were made of metal and had interesting designs. Where do you have mirrors in your home? The Ancient Egyptians used pots and bowls for making food. These objects were made of clay, which came from the River Nile. While some people were mixing ingredients in bowls, other people used stones to mix the ingredients in a bowl. How do we make bread today?

Some people were in a café in Paris, France. They wanted to make the world better. One of them was a man called Baker. He wrote down his idea: practise random acts of kindness. A random act of kindness is a kind thing that you do for someone for no reason. You can do random acts of kindness for people you know, for example, buy flowers for your mother. You can also be kind to a stranger: for example, give your seat to someone on a bus. Now, February 17th is Random Acts of Kindness Day. All over the world, people do kind things for the day: not because they have to, but because they want to see a smile on a person's face. Isn't that a fantastic idea?
